Hi Rob,

Jason Magalen will not be providing oversight of the bathymetric survey activities this week.

In the email below we notified CDM Smith that GBA will be conducting the mid-survey performance test this week. If they provide oversight AECOM will also have someone on the boat providing oversight.

After the mid-survey performance check GBA will be mooring at the CPG dock.

Also, GBA will be mobilizing for the single beam survey tomorrow, Tuesday 9/11.

Sharon:

If the survey work continues at the current pace, GBA should be conducting their mid-survey patch and performance tests on Wednesday 9/12.

Please let us know if you plan on having Jason observe these performance tests. If Jason is observing these tests we will continue to keep you apprised of the schedule.

Also, our current schedule is to mobilize the single-beam survey boat tomorrow, Tuesday 9/11.
